| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |                         |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |                         |  | Franchise Tax - Local                               |  | 12.29                                          |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |                         |  | Value Added Tax                                     |  |                                                |          |

|                                                                                                                                                                                                                                                                                                                            |                   | Others                                              |                                                |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Subsidy on Lifeline Charge                          | 0.096/kWh 12.96                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Senior Citizen Subsidy Charge                       | 0.000113/kWh 0.02                              |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Surcharge                                           | 0.02 of 1,098.00 21.96                         |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |            |                                    |         |                                                |        |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |                                    |         |                                                |        |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |            |                                    |         |                                                |        |
| Thank you.                                                                                                                                                                                                                                                                                                                 |            |                                    |         |                                                |        |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                           | - 143.93                                       |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               | 0.42                                           |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |                                                |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   | Generation                                          | 7.88                                           |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                    |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                                 |  |                                                |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                       |  |                                                |          |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| To our valued customers,                                                                                                                                                                                                                                                                                                   |  |                         |  | Sub-Total 302.58                                    |  |                                                |  |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                         |  | Others                                              |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                         |  | Subsidy on Lifeline Charge 0.096/kWh 9.98           |  |                                                |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                         |  | Senior Citizen Subsidy Charge 0.000113/kWh 0.01     |  |                                                |  |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |  |  | Franchise Tax - Local                               |  | 2.19                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |  |  | Value Added Tax                                     |  |                                                |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |              |         | Government Charges                                  |  |                                                |        |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |            |              |         | Franchise Tax - Local                               |  | 5.78                                           |        |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |            |              |         | Value Added Tax                                     |  |                                                |        |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                           | - 101.28                                       |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               | 2.31                                           |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |                                                |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   | Generation                                          | 19.70                                          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |              |         | Government Charges                                  |  |                                                |        |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |            |              |         | Franchise Tax - Local                               |  | 7.03                                           |        |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |            |              |         | Value Added Tax                                     |  |                                                |        |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |            |                                    |         |                                                |          |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |                                    |         |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |            |                                    |         |                                                |          |
| Thank you.                                                                                                                                                                                                                                                                                                                 |            |                                    |         |                                                |          |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |  |  | Surcharge                                           |  | 0.02 of 2,570.50                               | 51.41    |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |  |  | Sub-Total                                           |  | 73.33                                          |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |  |  | Government Charges                                  |  |                                                |          |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

|                                                                                                                                                                                                                                                                                                                            |            |              |         | Sub-Total                                           |  | - 113.18                                       |          |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |              |         | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |            |              |         | Franchise Tax - Local                               |  | 2.47                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |            |              |         | Value Added Tax                                     |  |                                                |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               |  | 9.65                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |  |                                                |          |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                           | 411.31                                         |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Others                                              |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Subsidy on Lifeline Charge                          | 0.096/kWh 13.63                                |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Senior Citizen Subsidy Charge                       | 0.000113/kWh 0.02                              |

|                                                                                                                                                                                                                                                                                                                            |  |                   |  | Sub-Total                                           |  | - 54.22                                        |         |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                   |  | Government Charges                                  |  |                                                |         |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                   |  | Franchise Tax - Local                               |  | 3.28                                           |         |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                   |  | Value Added Tax                                     |  |                                                |         |

NOTICE OF DISCONNECTION

We do not wish to disconnect your electric service, but without your payment, we cannot continue serving you after the expiration date, which is 48 hours from the date of delivery as indicated in your statement of account. Furthermore, if this account remains unpaid thirty(30) days after the actual disconnection date, the Company reserves the right to remove the wathour meter from your premises without further notification. PLEASE SEE BACK PAGE FOR SOME IMPORTANT REMINDERS.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |                           |         | Surcharge                                           |  | 0.02 of 3,324.00 66.48                         |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |            |                           |         | Sub-Total                                           |  | 84.26                                          |  |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

NOTICE OF DISCONNECTION

We do not wish to disconnect your electric service, but without your payment, we cannot continue serving you after the expiration date, which is 48 hours from the date of delivery as indicated in your statement of account. Furthermore, if this account remains unpaid thirty(30) days after the actual disconnection date, the Company reserves the right to remove the watthour meter from your premises without further notification. PLEASE SEE BACK PAGE FOR SOME IMPORTANT REMINDERS.

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                           | - 89.82                                        |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               | 2.84                                           |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |                                                |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Franchise Tax - Local                               |  | 2.29                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Value Added Tax                                     |  |                                                |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |              |         | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |            |              |         | Franchise Tax - Local                               |  | 2.18                                           |          |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

NOTICE OF DISCONNECTION

We do not wish to disconnect your electric service, but without your payment, we cannot continue serving you after the expiration date, which is 48 hours from the date of delivery as indicated in your statement of account. Furthermore, if this account remains unpaid thirty(30) days after the actual disconnection date, the Company reserves the right to remove the wathour meter from your premises without further notification. PLEASE SEE BACK PAGE FOR SOME IMPORTANT REMINDERS.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |  |  | Subsidy on Lifeline Discount                        |  | -0.05 of 856.51                                | - 42.83 |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |  |  |  | Surcharge                                           |  | 0.02 of 1,168.50                               | 23.37   |

| We do not wish to disconnect your electric service, but without your payment, we cannot continue serving you after the expiration date, which is 48 hours from the date of delivery as indicated in your statement of account. Furthermore, if this account remains unpaid thirty(30) days after the actual disconnection date, the Company reserves the right to remove the wattour meter from your premises without further notification. PLEASE SEE BACK PAGE FOR SOME IMPORTANT REMINDERS. |                             |                                                                         |                         |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |              |         | Surcharge                                           |  | 0.02 of 1,611.00                               | 32.22  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |            |              |         | Sub-Total                                           |  | 45.01                                          |        |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                   |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                   |  | Franchise Tax - Local                               |  | 2.19                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                   |  | Value Added Tax                                     |  |                                                |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |                              |  | Government Charges                                  |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |                              |  | Franchise Tax - Local                               |  | 1.72                                           |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |                              |  | Value Added Tax                                     |  |                                                |  |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   |                              |  | Generation                                          |  | 16.67                                          |  |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               | 19.47                                          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |                                                |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               | 2.89                                           |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |                                                |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   |  |  | Sub-Total                                           |  |                                                | - 142.12 |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Franchise Tax - Local                               |  |                                                | 1.21     |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Value Added Tax                                     |  |                                                |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  | Government Charges                                  |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  | Franchise Tax - Local                               |  | 1.68                                           |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  | Value Added Tax                                     |  |                                                |  |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                           |  | Government Charges                                  |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                           |  | Franchise Tax - Local                               |  | 0.79                                           |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                           |  | Value Added Tax                                     |  |                                                |  |
| Thank you.                                                                                                                                                                                                                                                                                                                 |  |                           |  | Generation                                          |  | 10.62                                          |  |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |  |  | Subsidy on Lifeline Charge                          |  | 0.096/kWh                                      | 12.48  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |  |  | Senior Citizen Subsidy Charge                       |  | 0.000113/kWh                                   | 0.01   |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |  |  | Surcharge                                           |  | 0.02 of 1,650.00                               | 33.00  |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |                              |  | Government Charges                                  |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |                              |  | Franchise Tax - Local                               |  | 3.37                                           |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |                              |  | Value Added Tax                                     |  |                                                |  |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   |                              |  | Generation                                          |  | 24.85                                          |  |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Government Charges                                  |  |                                                |         |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Franchise Tax - Local                               |  | 2.69                                           |         |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Value Added Tax                                     |  |                                                |         |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                   |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                   |  | Franchise Tax - Local                               |  | 0.89                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                   |  | Value Added Tax                                     |  |                                                |          |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   |  |  | Surcharge                                           |  | 0.02 of 310.00                                 | 6.20     |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Sub-Total                                           |  | - 168.33                                       |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Government Charges                                  |  |                                                |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Franchise Tax - Local                               |  | 0.90                                           |          |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   |  |  | Value Added Tax                                     |  |                                                |          |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                           |  |                                                | - 64.23  |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               |  |                                                | 2.89     |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |  |                                                |          |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   | Generation                                          |  |                                                | 22.43    |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Franchise Tax - Local                               |  | 2.51                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Value Added Tax                                     |  |                                                |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               |  | 23.83                                          |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |  |                                                |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                    |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |                   | Franchise Tax - Local                                 |  | 0.76                                           |          |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                           | 273.97                                         |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Others                                              |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Subsidy on Lifeline Discount                        | -0.05 of 813.51 - 40.68                        |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Surcharge                                           | 0.02 of 1,020.50 20.41                         |

|                                                                                                                                                                                                                                                                                                                            |  |                   |  | Sub-Total                                           |  | - 119.35                                       |          |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                   |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                   |  | Franchise Tax - Local                               |  | 0.33                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                   |  | Value Added Tax                                     |  |                                                |          |

|                                                                                                                                                                                                                                                                                                                            |                   |  |  | Subsidy on Lifeline Discount                        |  | -0.3 of 512.47                                 | - 153.74 |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Surcharge                                           |  | 0.02 of 734.00                                 | 14.68    |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Sub-Total                                           |  | - 139.06                                       |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Government Charges                                  |  |                                                |          |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   |  |  | Franchise Tax - Local                               |  | 1.87                                           |          |

|                                                                                                                                                                                                                                                                                                                            |            |              |         | Sub-Total                                           |  | - 136.03                                       |          |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |              |         | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |            |              |         | Franchise Tax - Local                               |  | 0.81                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |            |              |         | Value Added Tax                                     |  |                                                |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                   |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                   |  | Franchise Tax - Local                               |  | 2.33                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                   |  | Value Added Tax                                     |  |                                                |          |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

NOTICE OF DISCONNECTION

We do not wish to disconnect your electric service, but without your payment, we cannot continue serving you after the expiration date, which is 48 hours from the date of delivery as indicated in your statement of account. Furthermore, if this account remains unpaid thirty(30) days after the actual disconnection date, the Company reserves the right to remove the watthour meter from your premises without further notification. PLEASE SEE BACK PAGE FOR SOME IMPORTANT REMINDERS.

| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |  |                         |  | Sub-Total                                             |  |                                                |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |              |         | Government Charges                                    |  |                                                |        |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |            |              |         | Franchise Tax - Local                                 |  | 7.48                                           |        |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |            |              |         | Value Added Tax                                       |  |                                                |        |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |                                                     |  |                            |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |                   |                                                     |  |                            |  |                                                |  |

NOTICE OF DISCONNECTION

We do not wish to disconnect your electric service, but without your payment, we cannot continue serving you after the expiration date, which is 48 hours from the date of delivery as indicated in your statement of account. Furthermore, if this account remains unpaid thirty(30) days after the actual disconnection date, the Company reserves the right to remove the watthour meter from your premises without further notification. PLEASE SEE BACK PAGE FOR SOME IMPORTANT REMINDERS.

| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |  |                         |  | Government Charges                                  |  |                                                |          |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                           | 786.13                                         |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Others                                              |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Subsidy on Lifeline Charge                          | 0.096/kWh 26.21                                |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Senior Citizen Subsidy Charge                       | 0.000113/kWh 0.03                              |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |  | Surcharge 0.02 of 216.50 4.33                       |  |                                                |  |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  | Sub-Total - 4.27                                    |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  | Government Charges                                  |  |                                                |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  | Franchise Tax - Local 0.05                          |  |                                                |  |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                           | 359.79                                         |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Others                                              |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Subsidy on Lifeline Charge                          | 0.096/kWh 11.90                                |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Senior Citizen Subsidy Charge                       | 0.000113/kWh 0.01                              |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |                              |  | Government Charges                                  |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |                   |                              |  | Franchise Tax - Local                               |  | 0.42                                           |  |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |  |                         |  | Others                                                |  |                                                |  |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                         |  | Subsidy on Lifeline Charge 0.096/kWh 22.75            |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                         |  | Senior Citizen Subsidy Charge 0.000113/kWh 0.03       |  |                                                |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                         |  | Surcharge 0.02 of 5,483.00 109.66                     |  |                                                |  |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |  | Distribution 0.60                                   |  |                                                |  |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  | Others 49.37                                        |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  | Universal Charge                                    |  |                                                |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  | Missionary Electrification 0.1561/kWh 0.00          |  |                                                |  |

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                   |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                   |  | Franchise Tax - Local                               |  | 2.54                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                   |  | Value Added Tax                                     |  |                                                |          |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                             | 917.75                                         |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Others                                                |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Subsidy on Lifeline Charge                            | 0.096/kWh 30.62                                |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Senior Citizen Subsidy Charge                         | 0.000113/kWh 0.04                              |

|                                                                                                                                                                                                                                                                                                                            |                   | Sub-Total                                           |  |                            |  | 29.43                                          |  |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |  |                            |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               |  |                            |  | 5.85                                           |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |  |                            |  |                                                |  |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               |  |                                                |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |  |                                                |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Surcharge                                           |  | 0.02 of 1,762.00                               | 35.24  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Sub-Total                                           |  | 46.96                                          |        |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Government Charges                                  |  |                                                |        |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   | Franchise Tax - Local                               |  | 5.51                                           |        |

NOTICE OF DISCONNECTION

We do not wish to disconnect your electric service, but without your payment, we cannot continue serving you after the expiration date, which is 48 hours from the date of delivery as indicated in your statement of account. Furthermore, if this account remains unpaid thirty(30) days after the actual disconnection date, the Company reserves the right to remove the wathour meter from your premises without further notification. PLEASE SEE BACK PAGE FOR SOME IMPORTANT REMINDERS.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  | Government Charges                                  |  |                                                |        |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |  | Franchise Tax - Local                               |  | 5.16                                           |        |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |  |                                                |        |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               |  |                                                |        |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |  |                                                |        |
