| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                    |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |                   | Franchise Tax - Local                                 |  | 26.93                                          |          |

NOTICE OF DISCONNECTION

We do not wish to disconnect your electric service, but without your payment, we cannot continue serving you after the expiration date, which is 48 hours from the date of delivery as indicated in your statement of account. Furthermore, if this account remains unpaid thirty(30) days after the actual disconnection date, the Company reserves the right to remove the wathour meter from your premises without further notification. PLEASE SEE BACK PAGE FOR SOME IMPORTANT REMINDERS.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Franchise Tax - Local                               |  | 2.00                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Value Added Tax                                     |  |                                                |          |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   |  |  | Sub-Total                                           |  | - 147.21                                       |          |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Franchise Tax - Local                               |  | 0.75                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Value Added Tax                                     |  |                                                |          |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   |  |  | Generation                                          |  | 10.31                                          |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  | Subsidy on Lifeline Charge                          |  | 0.096/kWh                                      | 11.81  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  | Senior Citizen Subsidy Charge                       |  | 0.000113/kWh                                   | 0.01   |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  | Surcharge                                           |  | 0.02 of 1,518.50                               | 30.37  |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                           | - 143.75                                       |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               | 1.16                                           |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |                                                |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   | Generation                                          | 13.04                                          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |              |         | Government Charges                                    |  |                                                |        |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |            |              |         | Franchise Tax - Local                                 |  | 8.34                                           |        |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |            |              |         | Value Added Tax                                       |  |                                                |        |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                                                     |                            |                                                |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                                                     |                            |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |                                                     |                            |                                                |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                                                     |                            |                                                |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |  |  | Government Charges                                  |  |                                                |       |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |  |  | Franchise Tax - Local                               |  | 0.73                                           |       |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |  |  | Value Added Tax                                     |  |                                                |       |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |                                                     |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |                   |                                                     |                                                |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   |                                                     |                                                |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Franchise Tax - Local                               |  |                                                | 1.63     |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Value Added Tax                                     |  |                                                |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Others                                              |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Subsidy on Lifeline Charge                          | 0.096/kWh 16.80                                |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Senior Citizen Subsidy Charge                       | 0.000113/kWh 0.02                              |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                           | - 102.26                                       |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               | 2.48                                           |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |                                                |

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |                              |  | Government Charges                                  |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |                              |  | Franchise Tax - Local                               |  | 2.33                                           |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |                              |  | Value Added Tax                                     |  |                                                |  |

NOTICE OF DISCONNECTION  
We do not wish to disconnect your electric service, but without your payment, we cannot continue serving you after the expiration date, which is 48 hours from the date of delivery as indicated in your statement of account. Furthermore, if this account remains unpaid thirty(30) days after the actual disconnection date, the Company reserves the right to remove the wattour meter from your premises without further notification. PLEASE SEE BACK PAGE FOR SOME IMPORTANT REMINDERS.

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   |  |  | Senior Citizen Subsidy Charge                       |  | 0.000113/kWh                                   | 0.02   |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Surcharge                                           |  | 0.02 of 2,122.50                               | 42.45  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Sub-Total                                           |  | 61.77                                          |        |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Government Charges                                  |  |                                                |        |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   |  |  | Franchise Tax - Local                               |  | 8.98                                           |        |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                    |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                                 | 15.71                                          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                       |                                                |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                         |  | Government Charges                                  |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                         |  | Franchise Tax - Local 1.90                          |  |                                                |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                         |  | Value Added Tax                                     |  |                                                |  |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |  |  | Government Charges                                    |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |  |  | Franchise Tax - Local                                 |  | 0.94                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |  |  | Value Added Tax                                       |  |                                                |          |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                           | - 140.99                                       |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               | 1.17                                           |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |                                                |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   | Generation                                          | 13.04                                          |

| We do not wish to disconnect your electric service, but without your payment, we cannot continue serving you after the expiration date, which is 48 hours from the date of delivery as indicated in your statement of account. Furthermore, if this account remains unpaid thirty(30) days after the actual disconnection date, the Company reserves the right to remove the wathour meter from your premises without further notification. PLEASE SEE BACK PAGE FOR SOME IMPORTANT REMINDERS. |                           |                                                      |                         |

|                                                                                                                                                                                                                                                                                                                            |                   | Government Charges                                  |  |                            |  |                                                |  |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Franchise Tax - Local                               |  |                            |  | 1.32                                           |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Value Added Tax                                     |  |                            |  |                                                |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Generation                                          |  |                            |  | 14.86                                          |  |

|                                                                                                                                                                                                                                                                                                                            |                   | Sub-Total                                           |  |                            |  | - 146.57                                       |  |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |                                                     |  | Government Charges         |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |                                                     |  | Franchise Tax - Local      |  | 0.84                                           |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |                                                     |  | Value Added Tax            |  |                                                |  |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   | Generation                                          |  |                            |  | 10.91                                          |  |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                             | 336.91                                         |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Others                                                |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Subsidy on Lifeline Charge                            | 0.096/kWh 11.14                                |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Senior Citizen Subsidy Charge                         | 0.000113/kWh 0.01                              |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Surcharge                                           |  | 0.02 of 2,130.50                               | 42.61  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Sub-Total                                           |  | 58.47                                          |        |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Government Charges                                  |  |                                                |        |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   | Franchise Tax - Local                               |  | 7.41                                           |        |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |            |                                    |         |                                                |          |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |                                    |         |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |            |                                    |         |                                                |          |
| Thank you.                                                                                                                                                                                                                                                                                                                 |            |                                    |         |                                                |          |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                    |  |                                                |        |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                                 |  | 8.73                                           |        |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                       |  |                                                |        |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               | 1.17                                           |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |                                                |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   | Generation                                          | 13.34                                          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               | 5.68                                           |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |                                                |

NOTICE OF DISCONNECTION  
We do not wish to disconnect your electric service, but without your payment, we cannot continue serving you after the expiration date, which is 48 hours from the date of delivery as indicated in your statement of account. Furthermore, if this account remains unpaid thirty(30) days after the actual disconnection date, the Company reserves the right to remove the wathour meter from your premises without further notification. PLEASE SEE BACK PAGE FOR SOME IMPORTANT REMINDERS.

| To our valued customers,                                                                                                                                                                                                                                                                                                   |            |                                    |         |                                                |          |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |                                    |         |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |            |                                    |         |                                                |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |            |                                    |         |                                                |          |
| Thank you.                                                                                                                                                                                                                                                                                                                 |            |                                    |         |                                                |          |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Franchise Tax - Local                               |  | 2.49                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Value Added Tax                                     |  |                                                |          |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |                              |  | Government Charges                                  |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |                   |                              |  | Franchise Tax - Local                               |  | 1.80                                           |  |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   |                              |  | Value Added Tax                                     |  |                                                |  |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Franchise Tax - Local                               |  | 1.84                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Value Added Tax                                     |  |                                                |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |                                    |  |                                                |         |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |                   |                                    |  |                                                |         |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Franchise Tax - Local                               |  | 1.81                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Value Added Tax                                     |  |                                                |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                   |  | Surcharge                                           |  | 0.02 of 1,372.00                               | 27.44  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |  |                   |  | Sub-Total                                           |  | 37.53                                          |        |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

THIS IS A SYSTEM GENERATED BILLING STATEMENT.

CAS Permit No.:03-2015-123-0006-000

Date Issued:03/04/2015

Series from 1000000001 to 9999999999

Bill ID. : 204521171690

Collection Ref. Code : 1813-61-971-9

Premise Address : ZONE SIBUYAS,PAKNA-AN,MANDAUE CITY

Account ID : 2045710000-4

TOTAL AMOUNT DUE : 2,451.42

Customer Name : MERENILLO,ALLAN C.

Overdue Bill : 1

Meter Number : MTR1174106

Period : Feb 2017

NOTICE OF DISCONNECTION

We do not wish to disconnect your electric service, but without your payment, we cannot continue serving you after the expiration date, which is 48 hours from the date of delivery as indicated in your statement of account. Furthermore, if this account remains unpaid thirty(30) days after the actual disconnection date, the Company reserves the right to remove the watthour meter from your premises without further notification. PLEASE SEE BACK PAGE FOR SOME IMPORTANT REMINDERS.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Franchise Tax - Local                               |  |                            |  | 1.70                                           |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Value Added Tax                                     |  |                            |  |                                                |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Generation                                          |  |                            |  | 16.06                                          |  |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |  |  | Franchise Tax - Local                               |  | 3.14                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |  |  | Value Added Tax                                     |  |                                                |          |

|                                                                                                                                                                                                                                                                                                                            |                   | Sub-Total                                           | 75.11                                          |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               | 8.49                                           |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |                                                |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |                              |  | Government Charges                                  |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |                              |  | Franchise Tax - Local                               |  | 2.40                                           |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |                              |  | Value Added Tax                                     |  |                                                |  |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   |                              |  | Generation                                          |  | 20.30                                          |  |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               | 8.76                                           |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |                                                |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Franchise Tax - Local                               |  | 2.41                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Value Added Tax                                     |  |                                                |          |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

|                                                                                                                                                                                                                                                                                                                            |  |  |  | Sub-Total                                           |  |                                                | - 99.41  |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |  |  | Franchise Tax - Local                               |  |                                                | 2.32     |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |  |  | Value Added Tax                                     |  |                                                |          |
| Thank you.                                                                                                                                                                                                                                                                                                                 |  |  |  | Generation                                          |  |                                                | 19.70    |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                           |  |                                                | - 79.79  |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               |  |                                                | 2.81     |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |  |                                                |          |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   | Generation                                          |  |                                                | 22.43    |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |                   | Franchise Tax - Local                               |  |                                                | 6.28     |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Sub-Total                                           |  |                            |  | 34.80                                          |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Government Charges                                  |  |                            |  |                                                |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Franchise Tax - Local                               |  |                            |  | 4.59                                           |  |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   | Sub-Total                                             | 334.05                                         |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Others                                                |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Subsidy on Lifeline Charge                            | 0.096/kWh 11.04                                |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Senior Citizen Subsidy Charge                         | 0.000113/kWh 0.01                              |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |                                                |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               | 5.93                                           |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |                                                |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                   |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                   |  | Franchise Tax - Local                               |  | 3.13                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                   |  | Value Added Tax                                     |  |                                                |          |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |            |                                     |         |                                                |        |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |                                     |         |                                                |        |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |            |                                     |         |                                                |        |
| Thank you.                                                                                                                                                                                                                                                                                                                 |            |                                     |         |                                                |        |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |            |              |         | Government Charges                                  |  |                                                |        |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |            |              |         | Franchise Tax - Local                               |  | 7.12                                           |        |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |            |              |         | Value Added Tax                                     |  |                                                |        |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |  |                   |  | Surcharge                                           |  |  |  | 0.02 of 2,321.50                               |  | 46.43    |  |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                   |  | Sub-Total                                           |  |  |  |                                                |  | - 102.15 |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                   |  | Government Charges                                  |  |  |  |                                                |  |          |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                   |  | Franchise Tax - Local                               |  |  |  |                                                |  | 1.97     |  |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |  |                   |  | Generation                                          |  |  |  | 16.67                                          |  |          |  |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                         |  | Surcharge 0.02 of 1,694.00                          |  | 33.88                                          |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                         |  | Sub-Total 46.76                                     |  |                                                |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                         |  | Government Charges                                  |  |                                                |  |
| Thank you.                                                                                                                                                                                                                                                                                                                 |  |                         |  | Franchise Tax - Local 6.02                          |  |                                                |  |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                   |  | Government Charges                                  |  |                                                |        |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                   |  | Franchise Tax - Local                               |  | 4.69                                           |        |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                   |  | Value Added Tax                                     |  |                                                |        |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |  |  | Franchise Tax - Local                               |  | 0.72                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |  |  | Value Added Tax                                     |  |                                                |          |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |  |                   |  | Sub-Total                                           |  |  |  |                                                |  | - 63.46  |  |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                   |  | Government Charges                                  |  |  |  |                                                |  |          |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                   |  | Franchise Tax - Local                               |  |  |  |                                                |  | 3.45     |  |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                   |  | Value Added Tax                                     |  |  |  |                                                |  |          |  |
| Thank you.                                                                                                                                                                                                                                                                                                                 |  |                   |  | Generation                                          |  |  |  |                                                |  | 26.38    |  |

|                                                                                                                                                                                                                                                                                                                            |                   |  |  | Sub-Total                                           |  | 8.90                                           |        |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Government Charges                                  |  |                                                |        |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Franchise Tax - Local                               |  | 1.68                                           |        |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Value Added Tax                                     |  |                                                |        |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Government Charges                                  |  |                                                |         |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Franchise Tax - Local                               |  | 4.01                                           |         |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Value Added Tax                                     |  |                                                |         |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Surcharge                                             |  | 0.02 of 3,962.00                               | 79.24    |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |                   |  |  | Sub-Total                                             |  | 108.93                                         |          |

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                   |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                   |  | Franchise Tax - Local                               |  | 1.74                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                   |  | Value Added Tax                                     |  |                                                |          |

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| To our valued customers,                                                                                                                                                                                                                                                                                                   |                   |  |  | Sub-Total                                           |  |                                                | - 128.94 |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   |  |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   |  |  | Franchise Tax - Local                               |  |                                                | 1.62     |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   |  |  | Value Added Tax                                     |  |                                                |          |
| Thank you.                                                                                                                                                                                                                                                                                                                 |                   |  |  | Generation                                          |  |                                                | 15.77    |

| To our valued customers,                                                                                                                                                                                                                                                                                                   |  |                   |  | Surcharge                                           |  | 0.02 of 817.00                                 | 16.34   |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                   |  | Sub-Total                                           |  | - 78.59                                        |         |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                   |  | Government Charges                                  |  |                                                |         |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                   |  | Franchise Tax - Local                               |  | 2.77                                           |         |
| Thank you.                                                                                                                                                                                                                                                                                                                 |  |                   |  | Value Added Tax                                     |  |                                                |         |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |                   |  | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  |                   |  | Franchise Tax - Local                               |  | 0.50                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  |                   |  | Value Added Tax                                     |  |                                                |          |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

|                                                                                                                                                                                                                                                                                                                            |                   | Sub-Total                                           |  | - 168.57                                       |          |
| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |                   | Government Charges                                  |  |                                                |          |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |                   | Franchise Tax - Local                               |  | 0.47                                           |          |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |                   | Value Added Tax                                     |  |                                                |          |

| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |  |                   |  | Generation                                          |  |  |  | 11.22                                          |  |          |  |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  |  |  | Surcharge 0.02 of 1,734.00 34.68                    |  |                                                |  |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                         |  |  |  | Sub-Total 46.69                                     |  |                                                |  |
| Thank you.                                                                                                                                                                                                                                                                                                                 |  |  |  | Government Charges                                  |  |                                                |  |

To our valued customers,

Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle.

The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co.. The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.

Thank you.

| Please be advised that the Energy Regulatory Commission (ERC) has provisionally approved in ERC Case No. 2015 - 216 RC, a new Feed-In-Tariff Allowance (FIT-All) rate of P0.1240 per kWh, an increase of P0.0834 per kWh over the existing rate of P0.0406 per kWh, for all customer classes effective this billing cycle. |  | Subsidy on Lifeline Charge                          |  | 0.096/kWh                                      | 138.62    |
| The Feed-In-Tariff - Allowance (FIT-All) is charged to all consumers nationwide and is collected by Distribution Utilities like Visayan Electric Co..                                                                                                                                                                      |  | Senior Citizen Subsidy Charge                       |  | 0.000113/kWh                                   | 0.16      |
| The collection is remitted to the National Transmission Corporation (Transco) and it is paid to FIT eligible generators of renewable energy.                                                                                                                                                                               |  | Surcharge                                           |  | 0.02 of 16,720.50                              | 334.41    |
